

# In this studio, we expect students to...

**Be confident in your abilities!** We know you are just learning, and it takes time to do things well. Keep trying and you will get there!

**Keep working when things are hard!** Sometimes music is easy, and sometimes it is hard. That's okay, it's how you learn!

**Put in the effort needed for the results you want!** You have to practice every day and come to lessons, listen, and use your teacher's advice to help you improve.

**Be motivated to shoot for the moon!** Whatever your musical goals are, let us know so we can help you get there. We want you to succeed, too!

**Be responsible!** Practice every day and be on time for your lessons. Call ahead if you're going to be late or can't come because you're sick.

**Have a good attitude!** Everyone has bad days sometimes. Come to lessons ready to learn and to listen to the teacher anyway.

**Do your best to communicate clearly.** Listen to your teacher during lessons. Answer questions honestly.

**Be respectful.** Talk to our teacher with respect and do as you're asked. Be quiet when your teacher is talking to you. Try not to disturb other students' lessons if you're early.

**Have self-control!** If sitting still is hard for you, tell your teacher. We will work with you to find ways to help you meet our expectations.

**Be ready for challenges!** Learning music is challenging but it can be a lot of fun, too. Be ready for challenges and you'll feel so proud when you achieve your goals!
